Re Planning Application Reference NP/HPK/0112/0012

There was an old, asbestos cement detached garage within the Church car park, on the site it is proposed will form the parking area for Chapel Barn.

(Photo taken 09.03.2009)

This was in a poor condition and so it was decided that, prior to negotiating with the owner of Chapel Barn, the Church would have the garage removed at their expense. Accordingly, in December 2009 an HSE licenced asbestos contractor attended the site, removed the garage and supplied the attached paperwork.

As far as the Church Council are concerned the asbestos issue has therefore been dealt with to the best of their ability and there is no longer a contamination issue.

It is understood however that the owner of Chapel Barn has the opinion that there are still asbestos fibres contaminating the site, possibly pre-dating the removal of the garage.

Yours Sincerely

The Hazardous Waste Regulations 2005:
Consignment Note

Environment
Agency

PRODUCER'S/HOLDER'S/CONSIGNOR'S COPY (Delete as appropriate)

PART A Notification details

- 1 Consignment note code: **NTE244/09092**
- 2 The waste described below is to be removed from (name, address, postcode, telephone, e-mail, facsimile):
**HOLY MEET METHODIST CHURCH
EDGE ROAD, HOPE.
S33 6ZF**
- 3 Premises code (where applicable): **NTE244**

4 The waste will be taken to (name, address and postcode):

**VIRIDOR SALMON PASTURES
SHEFFIELD S4 7WT**

5 The waste producer was (if different from 2) (name, address, postcode, telephone, e-mail, facsimile):

**DMD UK 126 HOLME LANE
SHEFFIELD S6 4JW**

PART B Description of the waste

- 1 The process giving rise to the waste(s) was: **DEMO**

2 SIC for the process giving rise to the waste: **45.251**

3 WASTE DETAILS (where more than one waste type is collected all of the information given below must be completed for each EWC identified)

Description of waste	List of wastes (EWC code)(6 digits)	Quantity (kg)	The chemical/biological components of the waste and their concentrations are:		Physical form (gas, liquid, solid, powder, sludge or mixed)	Hazard code(s)	Container type, number and size
			Component	Concentration (% or mg/kg)			
Asbestos Street wa.	170605	700	ASBESTOS	100%	SOLID	H7	VAN

The information given below is to be completed for each EWC identified

EWC code	Packing group(s)	UN identification number(s)	Proper shipping name(s)	UN class(es)	Special handling requirements
170605	II	2590	WASTE ASBESTOS	9	C13 + C28

PART C Carrier's certificate

(If more than one carrier is used, please attach schedule for subsequent carriers. If a schedule of carriers is attached tick here.

I certify that I today collected the consignment and that the details in A2, A4 and B3 are correct and I have been advised of any specific handling requirements.

1 Carrier name: **P. N. Noble**

On behalf of (name, address, postcode, telephone, e-mail, facsimile):

See 5

2 Carrier registration no./reason for exemption:

CB/GN5514YM

3 Vehicle registration no. (or mode of transport, if not road):

Signature: **P. Noble**
 Date: **17/12/2009** Time: **13:10**

PART D Consignor's certificate

I certify that the information in A, B and C above is correct, that the carrier is registered or exempt and was advised of the appropriate precautionary measures. All of the waste is packaged and labelled correctly and the carrier has been advised of any special handling requirements.

Licence to undertake work with asbestos

Licence number **1000904348**

The Health and Safety Executive, in pursuance of the powers conferred on it by the Control of Asbestos Regulations 2006, licences

DMD UK
(POWERPROJECTION LIMITED T/A)
126 HOLME LANE
HILLSBOROUGH
SHEFFIELD
SOUTH YORKSHIRE
S6 4JW

("the licensee")

to undertake work with asbestos subject to the conditions below. The licence is granted from **5 August 2009** and shall remain valid until **4 August 2010** unless revoked in writing by an authorised Person.

CONDITIONS

1. This licence or a copy thereof, should be made available on request by the licensee for inspection by any person to whom the licensee submits a tender or quotation for work with asbestos and shall be available for inspection at all worksites. A copy of the licence shall accompany each notification required by Condition 2.
2. The licensee shall give notice in writing of the work to the appropriate HSE or local authority office at least 14 days before the work is commenced, or such other period as the authority will allow. The notice shall specify the type of work to be carried out, the likely duration of the work, the address of the premises at which the work is to be carried out and the date of commencement of the work activity. The enforcing authority must be informed in writing as soon as possible if this information changes. This condition will not apply for any work carried out with asbestos, which is subject to the exemptions specified in Regulation 3(2) of the Control of Asbestos Regulations 2006 or when the licensee hires out employees (at operative level) to other licensees.
3. (a) Prior to submitting the notice of work required by Condition 2 the following documents shall be prepared by the licence holder:
 - i) a suitable and sufficient written statement of the method of work to be used;
 - ii) a suitable and sufficient written specification for the equipment for the protection and decontamination of those engaged in asbestos work and also for the protection of other persons, as appropriate to the work.

(b) The licensee shall, on request by HSE and/or the local authority provide copies of the documents referred to in 3(a) and/or allow inspection of those documents as required.

The method of work and written specification must be provided on request and be available at the time of notification.
